

## THOUSANDS LEND SUPPORT TO YOUGH BOOM AT AUSPICIOUS LAUNCHING.

## CHEERING THROG ARRIVES AT PARK AND SPORTS ARE HELD.

Trip to Kennywood Was Without Accident by All Trains and Weather Is Ideal.

## SPEAKING THIS AFTERNOON.

Sports Attract Much Attention This Morning and After Lunch Yough Improvement Arguments Will Be Given by Prominent Speakers.

KENNYWOOD PARK, Aug. 6.—All the trains bearing the Connelville Merchants' Association's guests arrived at Rankin safely, making the trip over the road in about two hours. Notwithstanding the fact that the Pittsburgh-Railways Company would be unable to handle the immense gathering in the manner in which it arrived, the transfer from Rankin to the park was made in an excellent manner and without a single accident.

The weather is ideal and beyond the expectations of the hundreds who they left Connelville. The sun is shining brightly but it is not too warm and the immense throng has been enjoying itself ever since it arrived at the park. A pleasing sight all along the run from Connelville to Pittsburgh was the demonstrative crowds that stood at every station waving flags and cheering. Many of these followed the crowd to Kennywood on the last train which was reserved for them.

It is hard to estimate the large gathering, as the picnicers are scattered everywhere about the park, but it is a good guess to say that there are at least 3,000 people, and the crowd is being augmented with every arriving car. The merchants feel sure that 10,000 people will be present this afternoon to hear the speakers.

There has not been a flaw in the arrangements made by the committee in charge of the outing. Everything planned is being carried out to the letter. At noon the thousands are picking all over this little park under the cool shade of the trees, and the most appetizing diners can be seen everywhere. Invitations are extended on every hand to come and dine, and it is most indeed a long some person who cannot find some one with whom to lunch. Such display of spring chicken was never seen before. Everyone is friends today, and everyone knows everyone else. The outing is undoubtedly the largest ever held in the park by an out of town organization and the park managers are alive to its importance. The roller coaster, one of the finest in the country, has been crowded all morning and the dancing pavilion has been crowded with the fairest of Western Pennsylvania damsels. Kiefer's orchestra is furnishing the music and it seems for the first time like a home event. Young ladies are enjoying themselves immensely and the merchants are a smiling happy lot.

The big event this afternoon is the speaking to be delivered by prominent men. The damming of the Yough river making it navigable and the preservation of natural resources will have able exponents. Congressman Cooper is here and will be one of the chief speakers. Other speakers as noted in the program will also deliver addresses forcible enough for the echoes to reach Washington, and the results returned to Western Pennsylvania and all the towns between Connelville and Pittsburgh.

Upon the arrival of the folks at Kennywood this morning the first part of the program, consisting of athletic events, was carried through. The judges were H. L. Carpenter, C. A. Brill and Jonas Cover, Clarence Kutz was timekeeper; M. B. Frye, starter, and F. L. Graham, general manager.

The first race was for boys, being 100 yards. Time, 11½ seconds. The boys finished as follows: Edgar Cover, Charles Adams.

Boys' Shoe Race.—Joseph Zimmerman, Paul Webster, Elmer Hanna.

Pat Men's Race, 50 yards; time 7 seconds.—F. C. Rose, J. S. McKee, C. A. Brill.

100 Yard Dash.—There were so many entries for this race that it was divided up into three heats and finals. The result is as follows: First heat, A. J. Thomas and Frank Sweeney; time, 11½ seconds. Second heat, John Thomas, Hayes Miller; time, 11½.

Third heat, Henry Ash and Rudolph Ash; time, 10½.

Three-Legged Race, 50 yards.—Time, 7½. Moser and Herwick, Brooks and Kern, Morgan and Wagner.

The ball games will be played this afternoon.

## LIGHTNING PLAYS PRANKS AT BERLIN.

Man is Knocked to Floor in His Home and Two Cows Are Killed.

BERLIN, August 6.—A cold stroke of lightning last night visited the large brick dwelling house of Merchant William F. Philson at the Upper Diamond, and did considerable damage. Mr. and Mrs. Philson were in the act of retiring for the night and the electric lights had been turned off at the power house. Mr. Philson proceeded to light the kerosene oil lamp, which is kept for emergency. He had lit the lamp and just as he had placed the globe in its place, the light went out and a large piece of plastering came from the ceiling and struck him on the head. Both Mr. and Mrs. Philson were greatly shocked by the catastrophe.

A large hole was torn in the brick chimney and several larger ones in the shingle roof. This morning the yard was filled with debris of brick and shingles. Fortunately no one was hurt.

Two valuable cows belonging to Wesley Landis, a farmer residing a short distance from town, were visited by another bolt of lightning while in the pasture field last night, and almost instantly killed.

## BOY FOUND WITH HEART TORN OUT.

Mystery Surrounds Discovery of Body Floating in Canal in Center of Chicago.

CHICAGO, Aug. 6.—The head of the boy whose dismembered body was found floating in the drainage canal yesterday was found by the police today. The city authorities made a wide canvass procuring descriptions of all missing boys. Simultaneously, a suspect, whose name is not revealed by the police, is being held. He is said to have been seen in the neighborhood of the spot where the boy's body was found.

The torso was found in a drainage canal following the discovery earlier of two human legs a few blocks away. The torso had been ripped open in front and the heart torn out and slashed in two. Two visitors had been removed cleanly. Into this cavity the severed left hand had been thrust, together with a black cap, black stockings and a portion of an undershirt. A pair of boys' trousers had been wrapped about the body, and about this was a newspaper a week old. The horrible nature of the mutilation precludes the possibility that the body was discarded by a medical college.

## FATHER KILLS SON.

When Boy Strikes His Parent He Is Shot.

SALAMANCA, N. Y., Aug. 6.—Henry Vanarum, 28 years old, was killed by his father at their home here early today. Young Vanarum had just been released from the Elmira reformatory. The father and son had not been together long when a quarrel started. The boy struck his father over the head with a chair, when the latter retaliated by firing three shots at his son, the last taking effect, killing the boy instantly.

## TOWN IS DESERTED; PICNIC GETS CROWD.

With Stores and Factories Closed, There Was Little Doing Throughout the Day.

Connellsville today presented a fair type of "The Deserted Village." How those who stayed away from the big outing spent the day may be described by saying that it was a dull day. Business men who remained in town, although they had business to attend to, were in many cases unable to accomplish it from the fact that the nearly every business man of town was out of town.

Very few of the offices were open, and although the banks did not take a holiday, the forces were slow, and those who remained behind had little to do. It was an off day in every line about Connellsville. All the shops were closed down and those who did not go to the outing drummed up other pleasures to amuse themselves. The absence of many people from surrounding towns made it a general holiday all over the whole county.

## LUCK OF ONE PEOPLE.

What Bugler Ed Keller Found in Kick-Ed About Suit Case.

MT. PLEASANT, August 6.—When Chief of Police Edward Keller of this place, who is bugler for the Tenth Regiment, N. G. P., was leaving Gettysburg following the late encampment he stumbled over a suit case that had been kicked about in the dust by the soldiers of several regiments that had started home Tuesday. The bugler picked it up and took it along just for luck, bringing it home without opening it. Maybe the bugler's eyes didn't bulge out when he came across a good suit of clothes, a gold watch and fob. He is now advertising for the owner.

## PREPARING FOR PYTHIAN HOSTS.

Plans for Entertainment of Lodgers Going Forward Rapidly.

## THOUSANDS ARE COMING.

Strenuous Advertising Campaign Is Being Inaugurated and Town Will Be Thronged With the Visitors. Big Ball a Feature.

Everything relating to the monster convention of the Knights of Pythias to be held here on August 18, 19, 20 and 21 is now ready, all members of the local company working hard to make it one of the most successful reunions ever held by the State Association. Daily last the advertising campaign all over the State asking that a reservation of rooms be made for them. District Deputy Grand Chancellor O. B. Parfitt of the local company has received quite a number of applications from residents asking that rooms be sent to them for the convention, but these are few compared with the number that must be accommodated.

A strenuous advertising campaign has been opened which will result in the state being billed from one end to the other. Particularly Fayette and Westmoreland counties will be thoroughly covered by the paste book campaign. A committee was appointed by the local lodge after the advertising end of the convention.

Invitations were sent out a few days ago to the big ball to be held on the opening night, Tuesday, August 18, at Company D's armory on the South Side. Invitations have been sent to all of the prominent men in the nearby counties, Greene, Somerset and Westmoreland, besides all of the prominent local men. This affair promises to be one of the most successful ever attended in this part of the state.

A communication has been received from the companies in Scotland and Mr. Phoenix to the effect that delegations will be present on Thursday, Uniform Rank day, from Scotland, Mt. Pleasant, Torr and Youngwood. The Scotland delegation will bring a band with them, and other merry making devices. Several other nearby towns expect to send delegations. These will be announced later.

The contract for the decorating of the principal business places of town was closed up a few days ago, the work being awarded officially to Mumma and Son of Pittsburgh. Their representatives were in town last week making preliminary preparations for the putting on of Connellsville's holiday dress. Spectacular banners of the Knights of Pythias will have to be made and those combined with the national colors will rival the Centennial decorations.

A room has been reserved in one of the local hotels for Henry B. Brown, Supreme Chancellor elected at the meeting of the Supreme lodge held today in Boston. Mr. Brown lives in Cleburne, Texas, and he will likely stop off on his way to his Southern home. In case of his coming to Connellsville he will be one of the speakers of the day on Uniform Rank day. It is thought that several other Knights of national distinction will be present on that day.

W. J. Watts, traveling passenger agent for the Pennsylvania railroad, was a visitor in town yesterday looking over the situation. The Pennsylvania will run a special excursion from Pittsburgh to Shady Grove on Uniform Rank day. While here he made arrangements for the excursion train to stop over in Connellsville for the big parade which will be held in the morning. Immediately after the parade the train will run on to Shady Grove and return the day will be spent in speechmaking.

## GUARDSMEN GET THEIR CAMP PAY.

Members of Company D Receive Money for Attendance at Encampment at Gettysburg.

Captain Harry Dunn last evening with his staff paid all the guardsmen of Company D the money due them for services at Gettysburg. The regular meeting of the guard did not occur until this evening, but many of the boys wanted to attend the Merchants' outing at Kennywood, and for this reason the pay day was held last evening.

Nearly all the members of the company accompanied the big crowd this morning.

The wife of all the ladies whose total vote exceeded 100, is as follows: Miss Minnie Snyder, 1,354; Miss Mae Brant, 220; Miss Lora Decker, 687; Miss Anna Zorn, 202; Miss Stella Hoff, 191; Miss Myra Philson, 182; Miss Marion Farney, 107.

## WOMEN WEAKEN WHEN THEY REACH PRISON.

Had Determined to Go to Jail Until They Were Confronted by Iron Bars.

UNIONTOWN, August 6.—It was all right for Mrs. John Connelly and Mrs. Thomas McDermott, both of Footscastle, to say they preferred the county jail in preference to paying Squire Donaldson \$3 fine and costs in an assault case, but when they got a glimpse of the place, they underwent a sudden change of base.

After seeing the interior of Fayette county's stronghold for the unruly, both women expressed their willingness of paying the fine assessed by the Hon. Judge Justice, the consequence of an alleged assault upon Miss Margaret Hamilton.

McLean, the millionaire owner of the Cincinnati Enquirer. The engagement has excited national interest, as Thomas F. Walsh is a money power, having obtained his great wealth from gold mining in Colorado. The Walshes have a gorgeous country place near Denver, Col. The social position and importance of the McLeans is too well known for any emphasis. Miss Walsh is a warm personal friend of Mrs. Nicholas Longworth, formerly Miss Alice Roosevelt. The marriage is announced as to take place in the early fall.

## FRANCIS FAST IS HELD FOR FORGERY.

Nicholson Township Man to Be Given Hearing This Evening for Act Committed Last Winter.

UNIONTOWN, Aug. 6.—It begins to look like Francis M. Fast of Nicholson township is at last to be made to answer in a criminal way for forging the names of people and securing money upon them. C. C. Woodfill of Georges township has made an information against him before Magistrate John Boyle charging him with forgery, and he will have a hearing this evening.

Fast has been making a regular business of going about and placing the names of Jacob Cover and his Fast to notes and strangely enough they are accepted and he secures the money. There were a whole string of suits against him last fall, but all of them were civil suits and were finally dropped. When asked whether he had forged the names he blankly admitted that he had.

Fast is a peculiar character and none of the people from whom he procured money ever prosecuted him in a criminal way and he was thus able to keep out of jail, but it seems that Woodfill was the wrong man to run up against and now intends to make a criminal prosecution and carry it through. The promissory note was signed by Cover and Fast as previous ones have been and endorsed by George W. Griffin.

Fast has a wide acquaintance about Uniontown and the most remarkable fact is that he has never before been criminally prosecuted for his reckless signing of other people's names.

## FIREMAN HURT ON EXCURSION TRAIN.

Edward Clegier Struck by Overhead Pennsylvania Bridge as Train Was Pulling Into Station.

While standing on the top of the tank of the engine of the first excursion train Edward Clegier, a fireman on the Baltimore & Ohio, was struck this morning at an early hour on the back of the head by the Pennsylvania railroad bridge, badly lacerating his scalp.

The train was moving slowly in toward the station to gather up the crowd of excursionists to take them to the celebration at Kennywood park. While passing under the bridge Clegier was struck. The slow speed of the train was probably all that saved him from death.

The fireman was taken immediately to Dr. White, who dressed the wound. Clegier left on the third section of the excursion for his home near Pittsburgh.

## CONNELLSVILLE THEREIN FORCE

From All Surrounding Towns the Throng Comes and the Outing Is Possibly the Largest That Has Ever Left the Section.

Kennywood park today is thronged with Western Pennsylvania. Connellsville having sent the greatest outing throng to that park that has ever been known in the annals of Pittsburgh. A conservative estimate places the out of town people spending the day there at 5,000.

The Merchants' Association was up bright and early this morning and the plans were so perfectly arranged that the immense crowd was handled with ease and everyone carefully cared for. In all there were 46 coaches to leave the Baltimore & Ohio railroad station. The first train of 13 coaches and a baggage car left the station promptly at 7:30 o'clock and three sections followed closely after these, all the excursionists getting off shortly after 8 o'clock.

The estimate of tickets sold by railroad agents was:

Connellsville ..... 2,500  
Butteville ..... 700  
Dunbar ..... 500  
Mt. Pleasant ..... 200  
Uniontown ..... 200

This makes a total of 4,200 tickets actually sold, and it is estimated that fully 800 persons left from the station at Broad Ford into Pittsburgh, as the railroad company was compelled to place six additional coaches on the last section of the train leaving Connellsville, making a 16 coach train.

Reports from along the road stated that at every station there were hundreds of people assembled to hear the train. At Broad Ford alone the agent reported that 200 people were accompanied by crowding into the second section, and when the trains reached McKeesport the reports stated that there was not standing room. To this number may be added the crowds from Pittsburgh and nearby towns and it is safe to estimate that 10,000 people will assemble at the park for the outing and to hear the booming of the Yough river, development and the preservation of natural resources.

Traveling Passenger Agent C. W. Allen and Agent W. L. Douglas saw personally to the embarking of the big crowd and it was handled in an admirable manner.

Two remarkable features of the big outing is the absence of small children and the immense number of ladies who went on the trip. These latter formed the center of attraction. Attired in party dresses and limes the varied costumes, represented every known shade and design. Some came in neat white duck dresses and Panama hats, cool and comfortable. Others varied the colors from delicate lavender to ice cream suits of yellow and shoes and stockings in many cases were as ornamental as barber poles with big pedestals. The giddy girl and the sombre girl, the laughing girl and the grumpy girl, the old man and the old lady, the cross husband and the nervous woman, the girl who forgot things and the wife who didn't know whether she had locked the kitchen door, the fat girl and the fatter woman, the slim girl, the short one and the long one, the big one and the stubby one, were all there and they were in a terrible hurry. Some of them ran down each other in their effort to get on the train and many of them came too late to be in the first crowd, but they all got off finally with a generous waste of physical energy and much mopping of the face.

Everybody had a package, not of the police count, variety, and some went so far as to take clothes baskets along with them. It is estimated that 5,000 spring chickens will be consumed by the picnicers today and the price will probably be increased for a week or more for this much-sought fowl.

One of the little incidents of the get-away this morning was the rescue of a maltese kitten from beneath a coach. The little wanderer probably followed one of the numerous families from its home and was lost in the crowd. The warm girl presented a pleasant place for it to take a nap, and, climbing upon it, it was contentedly dozing in the sun when a little girl in the crowd saw it and realized that if the train moved six inches further it would be done for. She rushed down the coach a few minutes before the train started and carried the cut out in her arms.

### SWIMMER DROWNS.

Herold Newsboy Makes Futile Attempt at Rescue.

**Atlantic City, N. J., Aug. 5.**—In full view of thousands of boardwalk strollers, John Brown, an eighteen-year-old newsboy, made a thrilling but futile attempt to rescue Frank W. Brown, a New York detective, from drowning. The New York man swam out beyond the breakers and was caught in a treacherous current. The newsboy saw the plight of the swimmer and, vaulting the boardwalk rail, shed his clothes. Diving into the water he picked up the canby left on the beach by the lifeguards and swam boldly through the breakers. In a flash the boy had pushed the canby under the elder Brown, but in the excitement of the moment the crowd on the beach failed to assist in the rescue by pulling the shore end of the lifeline attached to the buoy. The boy's strength was sufficient to allow him to bring the drowning man back to the beach and his swim for shore with the intention of getting a boat. When he reached the beach the young hero was exhausted. The lifeguards had not yet gone on duty and by the time a lifeboat was launched it was too late, the man having slipped from the buoy and drowned.

**This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.**

Mrs. A. Gregory, of 2835 Lawrence St., Denver, Col., writes to Mrs. Pinkham: "I was practically an invalid for six years, on account of female troubles, underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, irregularities, fluid tumors, irregularities, periodic pain, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

THURSDAY EVE'G., AUG. 6, 1908.

Mr. Taft Will Not Hurry.

Pittsburg Press

Mr. Taft does not propose to do much in the way of conducting his campaign through the month of August. He says the weather will be too warm, and besides there will be plenty of time in which to make votes. It is a commonable and a philosophical view of the situation, for the public as well as Mr. Taft is not especially anxious to plunge into a Presidential contest that will be one of the most memorable of the century. It will be a big battle and one hard fought. Mr. Bryan is making his last stand and he does not intend to make it in a mollycoddle manner. That last ditch is in his front, he is going to fight to reach it, and he will make things interesting from the start of the battle of the ballots to the last day of the conflict.

The war will be on soon enough, and Mr. Taft is striking a popular sentiment when he decides to put off the hard and hustling work of the campaign until September. Of course, that does not mean that the Republican candidate will ignore the contest through August. He is not that sort of a fighter. He will be wary and will watch every move of the enemy and checkmate it, no matter what may be the state of the weather.

Meantime, he very properly proposes to take things as easily as possible until next month, when the breezes will be cooler and more comforting.

Use for Vice Presidents.

New Orleans Picayune

The selection of Vice President Fairbanks as the representative of the United States at the Quebec celebration suggests the possibility that some new use has been found for an official provided for by the Constitution, but who is ordinarily looked upon as very much of a fifth wheel to the wagon. Aside from acting as the presiding officer of the United States Senate when that body is in session, with no voice in its proceedings except in the remote case of a tie vote, the Vice President takes no part in the administration of the government. He is "expected" to hold himself aloof from all public business, and neither his advice nor assistance is expected by the President and his Cabinet.

While custom and long practice strictly limit the sphere of the Vice President's official usefulness, there seems to be no reason why he should not employ his leisure time, while holding himself in readiness to succeed to the Presidency should the contingencies enumerated in the Constitution demand it, in taking part in unofficial public functions and executing ceremonious missions where no question of public policy is involved, but where a representative of high

rank is appropriate. In England the Prince of Wales, whose position with respect to the succession to the throne is analogous to that of the Vice President with respect to the Presidency of the United States, is compelled by custom to hold completely aloof from all governmental functions and from all connection with politics, but it is considered highly proper for him to take part in such non-political missions as both he and Vice President Fairbanks engaged in performing in Quebec.

Sunday Baseball.

Providence Bulletin

There is a tendency in New England toward greater municipal liberality in the way of Sunday amusement. But professional baseball on that day within the limits of a municipality is objectionable. In a compact community like Newport, where there is considerable demand for the game, the noise from the field and the crowds passing to and from it could not help disturbing the peace of mind of a large number of citizens who do not care to spend their Sundays at a baseball contest. The parallel drawn between conducting a league game and running the usual amusements at a popular beach is not altogether fair. The public beach is a comfortable distance from the settled part of the city, and few persons who do not seek diversion there are ever annoyed by the sights and sounds. Sunday amusements are now being governed more by the rule of common sense than by the blue laws. All attractions that are harmless morally are being more and more engaged in on Sunday, and public sentiment indorses them when they are quiet and orderly enough not to interfere with the comfort or pleasure of persons who do not enjoy them on that day. Professional baseball in a city is not among these amusements, and it has not received wide indorsement in New England.

Humor and Philosophy

By DUNCA, M. SMITH

PERT PARAGRAPHS.

When we insist upon justice in the superlative degree, a close analysis generally discloses that it is for the other fellow that we want it.

To be weak is tolerable when one can make use of all the strength that resides in strong once.

There is always plenty of material for the "old" told you so" man to work upon and enunciate his theories from.

If some one would invent an infallible method of growing young, all the juveniles in the community would doubtless drop dead with disgust.

Not all duties are plain. Some are so ornate and befringed that we may question whether their identity may not be doubted.

Our real friends are those whose interests are insensibly bound up with our own.

Self conceit has its proper use in making the wheels of our individualism turn easily and run smoothly.

He who does not reason is not only not living his own life but is also permitting another to live it for him.

When to reasoning ability we add receptivity of mind the resulting impatience amounts to a wise man if the receptive member be large enough.

Lucky, but Doesn't Know It.

The man without a dollar is a cuto a lucky chap. No one can come to borrow. If he has none on tap. No one can ship him presents. And make him pay the freight. No one can sell him gold bricks. Thought at a bright rate.

No one can make him donate. Good money to a cause. Or tap him with a story. That dinner is too raw. If in the gilded barroom. He meets with two or three. He gets his without saying. "Come, boys, have one on me."

He doesn't pay the taxes. That homestead holders crush. He doesn't pay the landlord. Or make the coal man flush. The month's first day approaching. For him no terrors wait. Because there are no charges. On water, light and air.

Perhaps sometimes he covets. The mighty millionaire. And wishes that the money. And troubles he might share. He little knows the pleasures. (To him they are too rare.) That come from being busted. Throughout the living year.

Scared It Away.

my door." "Yes; I heard you singing as I went by your place."

Sounded That Way. "Must be awful carrying on at the lodge."

"I wonder." "Seems to me like continuous rough-house."

"Why so?" "My husband says he has been through all the chairs."

Good Sign. "What is he worrying so about?" "Something on his mind."

"If he just knew himself a little better, he would cheer up mightily at this evidence that he had a mind."

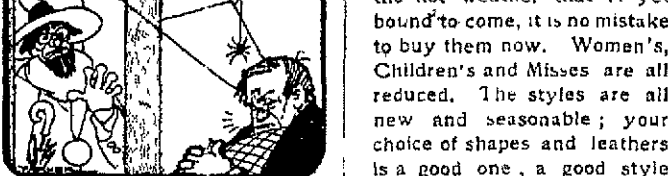

Touchees Their Vanity. "Men like to take her to the ball game."

"Because she understands it?" "No. She lets them explain it to her."

For Sure. "I always make it a point to sleep with one eye open."

"Which eye?" "The one that isn't closed."

Are You Living In the Cobweb Kingdom?

There are cobwebs on the windows. There are cobwebs on the door. There are cobwebs swaying, swaying from the rafters to the floor. Now the place is Cobweb Kingdom. Though it used to be a store.

If the Cobweb Kingdom's ruler Were a man discreet and wise He would have no cobwebs swaying. Swinging round and cutting flies! He would round his store with buyers—He would simply ADVERTISE!

**New Fall Suits.**

First showing of the new fall suits this week. New models, new styles and new colorings. We ask you to come and see these now because of their newness and prettiness. Better made, perhaps, than the suits that are made during the busy season when every one is rushed. Styles that are the latest styles for the coming season, and we've more than a few suits for you to choose from. If it comes early for you to think of all suits, we want to tell you that we've been selling a few of these suits each day since they have been shown. If you've a vacation trip in view during the next few weeks you'll want a suit like one of these to wear on your trip. But whether you want to buy now or later, we ask you to come in and look over these suits. Styles are so different from those of previous seasons that we believe that it will be worth your while to come and see these whether you buy or not. As to prices, these range from \$15 to \$175 and we believe that these suits are marked at a closer margin than most stores can afford. We've counted on doing our suit business this way and expect to sell more suits by this plan. While we call particular attention to the goodness and prettiness of these suits we believe the style and workmanship considered, we have in the first showing some extraordinary values to show you. Be here if you will come in and look over the suits you'll say so too. Styles and materials here that you'll not see shown in every store in this vicinity. Another reason for seeing these suits, and that is for special orders. If you want one special suit that we have here made to your order, you couldn't choose a better time at the year to get this done, and if you know how every suit department in every store dreads special orders in the midst of the suit season you'd appreciate what we mean by this. Plenty of time now at the manufacturers. Plenty of help and only the best help at present employed, and special orders get the attention they deserve. Anyhow, come in and see the suits.

## NEWS OF A DAY IN SCOTTSDALE.

**New Public Drinking Fountain for Man and Animal Has Arrived.**

**MANY GO ON MERCHANTS PICNIC**

**Board of Health Inspects Watershed Above Town and Makes Suggestions—Other News Notes About Things in Mill-Town.**

SCOTTSDALE, Aug. 6.—The public drinking fountain ordered some time ago by the borough arrived in town Wednesday and was hauled to the corner of Fifth and Spring streets, where it will be established. The fountain is to stand on the upper corner of the street, so that teams may approach it handily. It is provided with a double horse trough, a self-closing faucet stand for the people, and two small troughs at the bottom for the accommodation of thirsty dogs. The fountain is a handsome one and besides its utility will be an attractive piece of street furniture.

**Merchants' Picnic.**  
The Merchants' and Manufacturers' picnic left Scottsdale for Kennerwood, with two bands, "Fighting Colors" and ten coaches, filled with happy excursionists. The Scottsdale Fire Department, 60 in number, in natty uniforms, accompanied the picnic and went to the Glassport convention. The Grand Army Band and the Craft Martial Band were together in the parade. The Old Craft Band was a great object of interest and attracted much of the crowd. The Grand Army Band is a famed one, so the picnic had a musical flavor. Every one of the excursionists wore a ribbon badge inscribed "Scottsdale, M. & M. '08."

**Nearly Lost a Cow.**  
William Longenecker, for several years an efficient policeman of the borough, but who is now leading the simple life on a pretty and prosperous farm near Pennsville, was in town on Wednesday afternoon greeting many old friends. That morning he nearly lost a valuable cow in a peculiar manner, and had he not done some mighty hard work would have lost her. He was called early in the morning that something was wrong with one of the cows that they always tie to the fence near the barn in the evening. The cow was turned over with her four feet sticking straight up in the air and with her eyes protruding from her head through strangulation caused by her head being fast between two boards in the fence. He managed to get her loose, but to all appearances the cow was dead from strangulation, no signs of breathing being present, and her body cold. William started in to work to revive the animal and about three hours of unceasing work brought back life, but she was barely able to stand up. Now, she is all right, but if Longenecker had given up in the first place he would be minus a valuable cow.

**A Welcome Rain.**  
The rain on Wednesday was hailed with joy by everybody around this locality, which of late has been passing through the greatest season of dry weather that the people have experienced in many years, and which threatened to burn up all sorts of vegetation. The rain did a great deal of good, supplementing the light shower that came the night previous. But there is a lot more of it needed to bring the growing crops up. Right. Bird Brothers, the steam threshers, passed through town in the afternoon from a trip to the north end on their way to Connellsville. For several miles they were unable to get any water to replenish their tanks, all the troughs and runs being dry. When they got to town they were out of water and had to hitch a hose to a hydrant to fill the tanks. They say this is the driest season they have ever been out.

**A School Picture.**  
Peterson's Business College has a big framed of the portraits of the graduates for the year on exhibition in the window of S. A. Lowe's drug store. They are an active and bright appearing lot of young men and women.

**Their Auto Broke Down.**  
Dr. G. L. Markle and Hon. Berkey H. Boyd, who went over to Cheat Haven in the former's car, on Sunday and got home Monday night, but via the scenic Ohio-Choo to Connellsville, from where they rode the rest of the way on the common street cars. Near Cheat Haven, where they were coming along at an easy gait, the crank shaft of their machine broke. The auto was going at such an easy pace that it was easily stopped without any very little damage. As they were near a barn the car was shoved onto the barn floor and they came on home. It will be a week or more until the break can be repaired. The accident was a peculiar one, and had the machine been going at a high rate of speed the results would have probably been very serious.

**A Big Camping Party.**  
About 25 Scottsdale people left here on Tuesday for Scottsdale Wigwam, up along Indian Creek, to enjoy a ten days' outing in the woods. This camp is the one that has been maintained for a couple of years and is in fine condition. A pair of cooks are along with the party and no one should starve.

**For Saturday Ball.**  
The City League, which has been

cutting a wide swath in sporting interest by their games in Loecks park, held a meeting last evening, at which the request for Saturday afternoon games were discussed. It was decided that a Saturday exhibition game should be played next Saturday afternoon at Loecks park at 3 o'clock between two picked teams.

**Investigated Water Shed.**  
The Scottsdale Board of Health has made its regular investigation of the watershed of the Citizens' Water company above Scottsdale and has made a number of suggestions regarding the fixing up of the watershed, which the superintendent of the company has signified will have his immediate attention.

**Of a Personal Nature.**  
Dr. J. C. Keaggy of the North Side, Pittsburgh, was in town on Tuesday visiting his friend Charles C. Bash, James H. Sneed, Superintendent of the Fayette County Gas Company, accompanied by Mrs. Sneed, left this morning for a trip to Atlantic City.

J. W. Willey and daughter, Miss Margaret, went this week to Ridgely park, where the family is spending the summer in their cottage.

Mr. and Mrs. Frank Allen and son, Robert, spent Sunday in Uniontown visiting Mr. and Mrs. Frank P. Cotton.

By the real estate records it is noted that the North Side Land Company sold a lot in their plan here to Charles Gregory in September, 1906, for \$400, and that Gregory in July, 1908, sold the same lot to Frank E. Kistler for \$500.

Samuel Night, executor for the estate of the late John Night of Scottsdale, has filed his account in the office of the Register of Wills at Greensburg, and it will be presented for confirmation on September 5.

Mrs. C. C. Bash and Miss Carrie Keaggy spent Tuesday in Greensburg visiting Mrs. John Harbaugh.

Principal Edgar Reed is here from his home in Milton, where he has been spending his vacation.

Miss Mattie Hough of near Dawson is spending the week with the Misses Fretts of Grove street.

J. D. Hill of the United States Cast Iron Pipe & Foundry Company arrived home Wednesday afternoon from two months spent in Battle Creek, Mich., for his health.

Long the nomination of Bristow is conceded.

## FAIRY TALES TRIUMPH

**Will Not Be Banished From Passaic, N. J., Public Schools.**

New York, Aug. 5.—Fairy tales will continue to be read in the public schools of Passaic, N. J., even though Harry A. Mottema and John Adams, school trustees, strenuously oppose this class of literature. At a meeting of the school board these two members made an unsuccessful effort to exclude all text books containing such subjects.

Hans Christian Andersen's "Fairy Tales," "Mother Goose," "Robin Hood," "Arabian Nights," "Grimm's Fairy Tales" and "Fables and Rhymes" are among the books which have fallen into disrepute with the two members of the Passaic board of education. Mr. Mottema declared that he did not approve of fairy tales as reading matter for children and expressed the opinion that money being expended for such works was being thrown away when it might be profitably expended for books on history or some other subject of practical value. Mr. Adams expressed similar sentiments and in forceful terms denounced the authors of the fairy tales which have been widely read for many generations.

## SUICIDE AD PAYS

**\$250 Contributed to Prevent Desperate Man's Intention.**

Chicago, Aug. 6.—The advertisement of a persecuted man for a \$500 loan to save him from suicide has brought \$250. Two men advanced it in the hope that other well disposed persons will come forward with the \$250 balance needed to make good the amount the victim lost of his employer's money and his subsequent debt to loan sharks.

Word of the loan reached the despairing man none too soon. His time limit for committing suicide had nearly expired. He was on the verge of nervous prostration, as his wife and oldest of their eight children sat with him in a minister's office all day waiting for whatever blessings an advertisement would bring forth.

His appeal to the public is that he needs \$500, "not to be obliged to kill himself," and he promises to pay it back at the rate of \$1 weekly.

**Sultan of Turkey Stabbed.**

London, Aug. 6.—A special dispatch to the Exchange Telegraph company from Geneva says: "The Sultan of Turkey was stabbed in the breast on Monday night by a minor palace official. The chief of staff which the Sultan always wears deflected the blow. The would-be assassin is arrested."

# Bargains in Building Lots at South Connellsville.

You naturally ask WHY are they Bargains?  
The reasons are simple and convincing.

1. They are Bargains because they are cheap. There are no other lots so near to Connellsville that are as low in price as these lots are. Prices range from \$300 down to \$40. They have been made to suit the times. This is the time to get in on the Ground Floor.
2. There are no other lots better provided with the conveniences of living, which make real estate valuable, among them may be mentioned:

**TROLLEY SERVICE.** Only ten minutes from center of Connellsville. Only one fare, with exchange for the main line.

**CITY WATER.** The mains of the Connellsville Water Company are laid on the principle streets.

**ELECTRIC LIGHT.** The electric light service of Connellsville extends to South Connellsville.

**NATURAL GAS.** The mains of the Fayette County Gas Company traverse the principle thoroughfares of South Connellsville.

**PUBLIC SCHOOLS.** A new public school building is in course of construction in the heart of South Connellsville, convenient to all sections of the town.

Workingmen with a little capital laid by are not wise to pay Extravagant Rents when they can buy a lot in South Connellsville for a mere fraction of what they have to pay for lots in Connellsville proper and yet have the conveniences of the citizens of the town.

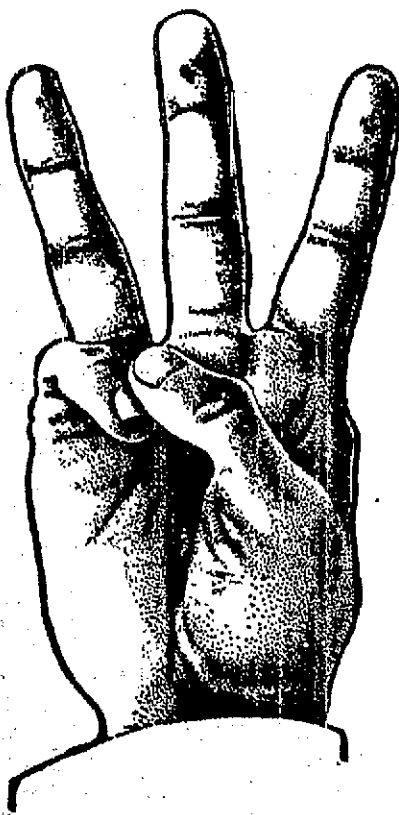

Only a short walk for B. & O. shop men.

**TERMS:** Ten per cent. down, and the balance to suit convenience of the purchaser.

## 8,000 MECHANICS LAY TOOLS DOWN.

Canadian Pacific Shop  
Hands Out on  
Strike.

ORDER IS GENERALLY OBEYED.

Employees Refuse to Accept Award of  
Board of Arbitration Appointed Un-  
der the Lemieux Law and Govern-  
ment Can Do Nothing Further.

Winnipeg, Man., Aug. 5.—Union  
shopmen employed by the Canadian  
Pacific railway have struck in all shops  
on the system from Atlantic to the  
Pacific and all shops are idle. It is es-  
timated that 12,000 men went out,  
the largest number being 2,200 in Mon-  
treal. Fifteen hundred quit at Winni-  
peg. Two thousand men left work be-  
cause of the strike at Vancouver, and  
at the detentions of the executive  
committee of the various unions affect-  
ed. The strike is the first in the west  
since the war broke out, and it seems to  
be the most extensive strike in the his-  
tory of railway shops in Canada.

All the workmen employed around  
the train sheds and depots went out  
and conductors and engineers caused  
some delay to train service by insist-  
ing that trains be properly made up  
before they would take them out.  
Everywhere in the shops stopped and  
everywhere else died out when the whistle  
blew several short blasts careakers and  
shop foremen alone being left to  
put the places in shape for the period  
of idleness bound to follow.

The men gathered at their halls to  
appoint committees to carry on the  
strike. It was a determined crowd  
which was present here. A few young  
men tried to force an appearance  
of loyalty, but the majority looked  
as if they fully realized the gravity  
of the step taken. They did not smile,  
but there was grimness in their ex-  
pression which denoted a resolution to  
stand by the action they had taken.  
Neither did they talk much, for their  
cause had been decided on and the  
striking stage had been passed.

The Canadian Pacific railway officers  
view is that the finding of a concilia-  
tory board, appointed at the request of  
the men, should be binding on the  
men. The Canadian Pacific railway  
not only did not seek arbitration, but  
believing the board to be hostile to the  
company, withdrew their representa-  
tives and the government appointed an-  
other arbitrator to represent the com-  
pany.

## ROOSEVELT NOT IN TO SUFFRAGETTES.

Missionary Trip to Oyster Bay by Ad-  
vanced Woman Badly Frosted  
by President.

Oyster Bay, N. Y., Aug. 5.—The suf-  
frage movement conducted by the  
National Progressive Woman Suffrage  
union has been introduced in Oyster  
Bay. Four members of the union ap-  
peared, but met with a downpour of  
rain. When the weather had cleared  
they took an automobile and hung to  
the breezes a banner bearing the  
words, "Votes for Women."

They toured the town scattering lit-  
erature and informing the villagers  
that a meeting would be held in the  
evening. Last night the suffragettes  
mustered before the town grocer but  
to their evident disappointment not an  
Oyster Bay woman appeared to hear  
them. A few men were there, but  
after a short wait Mrs. Wells an-  
nounced that no meeting would be held.

Mrs. Wells, who says she partici-  
pated in the suffragette demonstrations  
in London, explained that President  
Roosevelt had been informed that the  
women would hold a meeting on the  
corner in front of the grocery ever  
which the executive offices are housed.  
President Roosevelt had been re-  
quested to receive several of the mem-  
bers, but he sent word that he was  
too busy to see them.

Bentley Kills Escaping Comrade.  
San Francisco, Aug. 6.—William F.  
Bentley, a private in Company 116,  
Coast artillery, awaiting trial for  
murder, was shot and killed at the  
Frisco while trying to escape. Ben-  
tley was at work with other prisoners  
repairing the target range. Bentley  
suddenly took to his heels. Private  
Ryan started in pursuit and after  
chasing Bentley for 300 yards and re-  
peatedly calling upon him to halt,  
died, killing Bentley instantly.

Unions Indorse Bryan.  
Washington, Aug. 6.—The central  
labor union of Washington has adopt-  
ed resolutions indorsing W. J. Bryan  
for president. The discussion lasted  
several hours and Samuel Gompers  
president of the American Federation  
of Labor, made an earnest appeal to  
the workmen, irrespective of party  
affiliation, to vote for the man most  
friendly to their cause.

## BRYAN INVITES CONTRIBUTIONS.

Sends Out Unique Appeal for Cam-  
paign Funds.

Lincoln, Neb., Aug. 6.—William J.  
Bryan last night caused to be issued  
for publication the following appeal  
for campaign contributions.

"Wanted—Campaign Contributions  
From Citizens of the Republic Who  
Favor These Democratic Propositions:  
"Tariff revision by representatives  
of the consumers of the products and  
not by the agents of those who make  
exorbitant profits by manufacture and  
sale of highly protected products.

"Election of United States senators  
by popular vote, thus breaking up the  
senatorial oligarchy headed by Stan-  
ard Oil, which is strong enough suc-  
cessfully to resist all measures offered  
in behalf of the public welfare.

"Guarantee of all national bank de-  
posits, thereby preventing all money  
panics by giving all people absolute  
confidence in all banks.  
"Destruction of private monopoly  
and the enforcement of law against  
trusts by the people who are oppress-  
ed by the trusts and not by the agents  
of the trusts.

"Publicity of campaign contributions  
before election day so that the people  
may know who is paying the expenses  
of candidates and why.  
"Adoption of an income tax because  
it is just and under it wealth may bear  
its just share of the burdens of the  
federal government.

"The punishment of men who manip-  
ulate railroad stocks and ownership,  
the encouragement of railroad con-  
struction upon a businesslike basis,  
and railroad operation with fair re-  
turns in wages and profits to workers  
and owners on honest valuation and  
honest labor, but not on watered stock  
and false bond issues created purely  
by speculation.

Hot Springs, Va., Aug. 6.—Candidate  
Taft evidenced his intense interest in  
legal affairs by attending the morning  
session of the Virginia Bar association  
and devoting the afternoon to the pre-  
paration of the speech on "The Law's  
Delay," which he is to deliver to that  
body. The address of former Senator  
William Lindsay of Kentucky on "The  
Man and the Corporation" evoked con-  
siderable enthusiasm. Mr. Lindsay  
pointed out that it was the duty of the  
states to remedy what he regarded as  
the present day evil of corporate su-  
premacy over the individual. The  
states he maintained created the cor-  
poration and it was their duty to con-  
trol their creatures. This course he  
said, would relieve the federal govern-  
ment from interference which inter-  
ference he regarded as not only of  
doubtful constitutionality but of doubt-  
ful expediency.

## COKERS DEFEAT GRAFTON AND TIE CHARLEROI FOR THIRD PLACE.

GRAFTON, W. Va., Aug. 5.—Connellsville easily defeated the Grafton Wanderers yesterday afternoon by the score of 10 to 3, and by doing so nosed Charlerei out of the third hole, the Cokers dropping an exciting 12-inning game to the Cokers. Melvinne pitched the second game against the locals since their visit here, but it was strictly not his day to shine. The locals began him for nine safe-swats and each one was when it was most needed. Jack Cotter came into his own for the first time in two weeks and pitched up a fine article of ball. The locals looked good for another defeat but by a sharp batting rally in the eighth inning took the game. It was anybody's game until the fateful eighth with the odds in favor of the Wanderers. Johnny Yodt was fired from the game in the ninth and was replaced by Wallace. Grafton scored one in the first and two in the sixth, while the locals scored one in the fourth and four in the eighth. In the next to the last inning, Grafton led off with a fly to short. Calhoun and Francis were hit by pitched ball and Yodt was walked. At this point had gone out on an infield hit, Sweeney hit for one base, Calhoun scoring. Cotter hit for two bases and Francis and Yodt crossed. The joy was. These stragled, Sweeney rushing home. Montgomery made the last out by striking out. The score:

## COKERS ARRANGE "BOOSTER'S DAY."

Many Tickets Already Sold for Event to Take Place on August 15th.

Are you a knocker or a booster? If you are a booster, buy a ticket for "Boosters' Day" on August 15, next, and if you are the latter, don't let anybody know it. But just come to the game anyway. Tickets for "Boosters' Day" are going fast, and the present sale keeps up a record-breaking crowd can be expected at the park next Saturday.

Manager Ford Drumm and his bunch of "resistant aspirants" will be the attraction, and as the Drummers have never had anything on the Cokers at any time throughout the season, an exciting contest is looked for. The tickets were placed on sale for the first time yesterday morning, and at the present between 100 and 200 have been sold. The tickets cost \$1.00 apiece. It is not hard to see whether the Cokers will have no charge for the grand stand will be followed or not. In other cities where having a "Boosters' Day" it is customary to open the grand stand with the "first come first served" idea. If the park people will agree to the plan it is probable that it will be in use here.

The local directors are determined to keep the team going until the last of the season, and it would certainly be a black eye to the town if the franchise were thrown up during the season. But one month remains of the present baseball season, and if the Cokers are to "Boosters' Day" are what they should be, the team should be able to close the season on the right side of the ledger.

At Montgomery has his pet going about right now, and, during yesterday, the Cokers should finish well up in the race. The four first teams in the league are now well bunched and it is all up to the part of either Charleroi or Grafton would place them on the has-been list.

## GAME WENT 12 INNINGS.

Uniontown Finally Put It Over Charleroi After Hard Fight.

CHARLEROI, Aug. 6.—In a 12-inning game, marked by sharp fielding on both sides, Uniontown again jumped into first place by defeating the Charleroi Cherubs 5 to 3. Both pitchers were hit hard but fast holding kept the score down. It was Kruger's 25th game and his 25th victory.

In the 12th inning Price led off with a double base swing. House's error put Price on the third base and a single by Phillips enabled him to cross the plate. Phillips went to second on a long fly and scored on McCloskey's single. The score:

Uniontown	5
Charleroi	3

Batteries: Kruger and Frankenberg; W. Humphries and Dalley.

Fairmont Plays Great Ball and Breaks Drummers' Winning Streak.

FAIRMONT, W. Va., Aug. 6.—Cromley was in great form yesterday and easily shut the Drummer pennant aspirants out, 1-0. McGinty's error gave the Babes their only run. Lower was battered hard but during the game pulled himself out of several bad holes. In the absence of a regular league umpire, two players officiated. The game was marked by continual kicking on both sides. The score:

Fairmont	1
Clarksburg	0

Batteries: Cromley and Jackie; Lower and Gribben.

### Baseball Babbie.

Back into third place.  
Another one from Grafton.  
Montgomery is getting notorious over the circuit for being a big stickler. Where before the pitchers fattened their strike-out records on him, they are now satisfied when he gets out in any way.

Alto Kruger pitched his 25th game yesterday and won it, making 26 games he has won this season. Something is wrong with President Groninger's staff of umpires. But two of them were in evidence yesterday and both of them worked in the same town, Grafton. Players officiated at Fairmont and Charleroi.

## This Sale Begins Friday, Aug. 7th.

## The Most Important Shoe Event of All the Year.

Every Oxford in the Store is sold  
at its final price reduction in  
August.

The importance of this annual event lies not alone in the bigness of stocks and the extremely lowered prices, but in the faultless quality of every shoe we offer you. We don't harp very much on prices, we make them low enough to speak for themselves, but we tell you emphatically that in all Fayette county there is not a stock of shoes that, in any measure compares with ours. We've seen \$5.00 shoes advertised for a dollar, we were curious, but investigation made the dollar look mighty good. We don't have an old style shoe in our entire collection. We've kept our shoe stocks in this condition by these annual August events, which goes to prove how largely they are attended. We'll sell every oxford we have within the next ten days.

The ones that attended last August's Clearance have worn their oxfords purchased then all summer. They'll all be here, and the fellow they've told will come with them. Men, Women and Children will find their particular low-cut here and, the values exactly as advertised. These sales grow bigger every year, because every advertised value is a real bargain, with the scope of full stocks from which to choose.

Find Boy's Disembodied Body.

Chicago, Aug. 6.—A murder mystery was brought to notice by the discovery of the disembodied body of a boy in what is known as "mud lake," a part of the Chicago river near the stockyards. The finding of the legs, severed at the hips and at the knee, was followed by the discovery of the decapitated and armless torso. The legs were wrapped in a newspaper and part of a shirt bearing the initials "C" and at first were supposed to be those of a young woman. Examination of the legs showed the fact that the body had been cut almost in half.
